Abstrak

Penelitian dilakukan terhadap petani kopi di 2 Desa di Kecamatan pantan Cuaca Kabupaten Gayo Lues, penilitian ini mengkaji dampak pandemi Covid-19 terhadap kesejahteraan rumah tangga petani kopi dan dampak dari bantuan pemerintah terhadap kesejahteraan petani kopi di tengah pandemi Covid-19. Metodologi dalam penelitian ini menggunakan *mix method* yaitu dengan menggunakan analisis kualitatif dengan melakukan wawancara kepada rumah tangga petani kopi berkaitan dengan dampak pandemi COVID-19 terhadap kesejahteraan rumah tangganya. Analisis selanjutnya menggunakan analisis kuantitatif dengan menggunakan analisis SEM (Persamaan Struktural) dengan menggunakan aplikasi Stata 14.2 yaitu menganalisis bantuan pemerintah terhadap kesejahteraan petani kopi. Hasil penelitian menunjukkan Pandemi Covid-19 berpengaruh terhadap kesejahteraan rumah tangga petani Kopi di Desa Suri Musara dan Desa Cane Baru. Analisis Persamaan Struktural pengaruh Bantuan Pemerintah terhadap kesejahteraan Rumah tangga Petani Kopi menunjukkan hasil positif dan signifikan terhadap kesejahteraan. Hasil tersebut mingindikasikan bantuan yang diberikan pemerintah kepada masyarakat baik bantuan sembako, bantuan langsung tunai dan Bansos, Bantuan Masker dan bantuan *Hand Sanitizer*/disinfektan berpengaruh Positif dan signifikan terhadap kesejahteraan rumah tangga petani kopi.

Kata Kunci: COVID-19, Kesejahteraan, Bantuan Pemerintah

**THE IMPACT OF COVID-19 PANDEMIC ON HOUSEHOLD WELFARE
OF GAYO COFFEE FARMERS IN SURI MUSARA AND CANE BARU
VILLAGES, PANTAN CUACA DISTRICT, GAYO LUES REGENCY,
ACEH PROVINCE**

Abstract

This study was conducted on coffee farmers in two villages in Pantan Cuaca District, Gayo Lues Regency. The study examined the impact of Covid-19 pandemic on the welfare of coffee farmers' households and the impact of government supports on the welfare of coffee farmers in the midst of the Covid-19 pandemic. The methodology used in this study was a mix method, namely qualitative analysis by interviewing coffee farmers households regarding the impact of COVID-19 pandemic on their household welfare. Further analysis used quantitative analysis using SEM (Structural Equation Modelling) analysis by using the Stata 14.2 application to analyse government support on the welfare of coffee farmers. The finding of this study indicated that the Covid-19 pandemic affected the welfare of coffee farmer households in Suri Musara Village and Cane Baru Village. Structural Equation Analysis of the influence of Government Assistance on the welfare of Coffee Farmer Households showed positive and significant results on welfare. These results indicated that government's supports to the community such as basic food assistance, direct cash and social support, mask and hand sanitizer supports have a positive and significant impact on the welfare of coffee farmers' households.
