CHAPTER V
CONCLUSIONS AND SUGGESTIONS

This chapter contains the conclusions and suggestions for further research based on the result of the previous chapter. The conclusions will be written based on the purpose of the final project, which later can be considered by the Teaching Hospital of Universitas Andalas to improve its OHS Management System.

5.1   Conclusions

This chapter contains the conclusions and suggestions for further research based on the result of the previous chapter. The conclusions will be written based on the purpose of the final project, which later can be considered by the Teaching Hospital of Universitas Andalas to improve its OHS Management System. The conclusions of this research are:

1. Based on the findings of the ISO 45001:2018 audit checklist, the Teaching Hospital of Universitas Andalas has met the majority of ISO 45001:2018 requirements, but there are still minor non-compliances that have not been met from the findings of the ISO 45001:2018 Checklist.

2. There are 28 clauses that have met the conformity of ISO 45001:2018. While the requirements that have not been met are 7 out of 35 clauses that categorize on "not yet" evaluation status. These clauses are organizational roles, responsibilities and authorities, action planning, resources, document creation and updating, documented information control, procurement, and fulfillment evaluation.

3. Based on the evaluation status that has not been met, the company can improve documentation procedures, conduct training programs, and evaluate work programs

5.2 Suggestions

In this section, there will be some suggestions that can be a reference in the implementation of further research. The suggestions are:

1. The author recommends OHS division of the Teaching Hospital of Universitas Andalas re-evaluates its OHS management system.
2. The author recommends OHS division of the Teaching Hospital of Universitas Andalas prepares the hospital to get ISO 45001:2018 certification.
3. The author recommends future researchers evaluate the hospital with other ISO certifications, such as ISO 9001: 2015 or ISO 14001: 2015.
