**Studi Kasus: Motivasi Remaja Dalam Mengikuti Kegiatan Mitigasi Bencana
Di Rw 13 Kelurahan Pasie Nan Tigo**

ABSTRAK

Bencana memberikan dampak yang sangat besar, maka dari itu diperlukannya kegiatan mitigasi bencana untuk meminimalisir dampak dan resiko bencana. Dalam mengikuti kegiatan mitigasi bencana, remaja tentu memiliki motivasi yang beragam. Dari hasil observasi, setelah dilakukannya rangkaian kegiatan mitigasi bencana di RW 13, ada remaja yang datang karena dorongan ingin mendapatkan ilmu, namun adajuga yang mengatakan datang karena disuruh orangtuanya. Adapun tujuan dari penelitian ini adalah dieksplorasinya motivasi remaja dalam mengikuti kegiatan mitigasi bencana pada wilayah di RW 13 Kelurahan Pasie Nan Tigo. Penelitian ini merupakan penelitian kualitatif dengan pendekatan *case study research*. Pengambilan sampel dengan Purposive sampling dan teknik pengumpulan data menggunakan *In-depth Interview*. Jumlah informan dalam penelitian ini berjumlah empat partisipan yaitu remaja yang mengikuti kegiatan mitigasi bencana. Hasil wawancara ditranskrip secara verbatim dan diolah sehingga menghasilkan tiga tema utama yaitu : Tema (1) Sumber motivasi remaja mengikuti mitigasi bencana, dengan 2 subtema; [1] Motivasi Intrinsik, [2] Motivasi Ekstrinsik. Tema (2) yaitu Tujuan remaja dalam mengikuti mitigasi bencana, dan Tema (3) adalah Harapan remaja mengikuti mitigasi bencana. Diharapkan remaja dapat meningkatkan motivasi intrinsik dalam mitigasi bencana, melalui kegiatan-kegiatan berbasis kebencanaan yang ada baik di daerahnya ataupun diluar daerahnya.

***Case Study: Teenagers Motivation on Disaster Mitigation Activities
at RW 13 Kelurahan Pasie Nan Tigo***

ABSTRACT

Disasters have a very large impact, therefore disaster mitigation activities are needed to minimize the impact and risk of disasters. In participating in disaster mitigation activities, teenagers certainly have various motivations. From the observations, after carrying out a series of disaster mitigation activities in RW 13, there were teenagers who came because they wanted to get knowledge, but there were also those who said they came because their parents told them to. The purpose of this study is to explore teenagers motivation on disaster mitigation activities at RW 13, Pasie Nan Tigo. This research is a qualitative research with a case study research approach. Sampling by purposive sampling and data collection techniques using In-depth Interview. The number of informants in this study amounted to four participants who took part in disaster mitigation activities. The interview results were transcribed verbatim and processed to produce three main themes, namely: Theme (1) Sources of motivation for youth to participate in disaster mitigation, with 2 sub-themes; [1] Intrinsic Motivation, [2] Extrinsic Motivation. Theme (2) is the purpose of adolescents in participating in disaster mitigation, and Theme (3) is the expectations of adolescents in participating in disaster mitigation. It is hoped that teenagers can increase intrinsic motivation in disaster mitigation, through disaster-based activities that exist both in their area and outside their area.
