

CHAPTER IV

CONCLUSION

Based on the results of the data have been analyzed, it can be concluded that the lyrics that can be found from the album Muse's *Black holes and Revelations* have a variety of meanings. However, almost all have one major theme about criticism of the government. In some songs found some of the types of figurative language. In this study figurative language that is often found is hyperbole, repetition, and metaphor. It can show the song writer point of view in criticizing the government. Thus the study on pragmatics is required to comprehend the meaning conveyed in the songs. Through figurative meaning, language learners inevitably learn more about linguistic knowledge. In having adequate competence on figurative meaning, learners are expected to make the use of figurative language in their spoken and written performances in order that they can make fresh and interesting expression. The use of figurative language is various. It is caused by the imagination of composer in applying his mind into the language differently to see the condition that occurs in song.

Each lyric is written certainly does have a message directed to the listener and the readers. The message is directed with the intention that they get the impression after listening and reading the lyric. The existence of figurative language is not to complicate the understanding of lyrics but to simplify and to clear the understanding of lyrics. Song is very suitable for the English Learner who wants to improve their English skills in analyze lyrics that contain figurative language. From the explanation above can be concluded that in analyze lyrics

besides find figurative language in lyrics, we can also understand the meaning of song that contain figurative language, and message of the song.

By considering the conclusion there are some suggestions to the readers of figures of speech to learn about literary criticism first because this subject lead us to find figures of speech and to the students of applied linguistics to apply a similar analysis in other text because analyzing a song based on types of figures of speech can improve the students ability in understanding the figures of speech. Therefore, because my research study is actually still far from being perfect, so it can be continued. Moreover, the researcher has to master in English being doing the research to get more advantages research. In addition, the result of the study can give contribution to others and give advantages to all people that they have intention to learn about live through work of art.
