**ABSTRACT**

*This research is aimed to empirically examine the impact of several factors to the earnings management practices. Some factors which are tested in this research are tax expense, accrual basis, and tax planning as the independent variable whereas the earnings management practices is used as dependent variable. This research used 13 agriculture companies listed on Indonesia Stock Exchange (IDX) from 2012 – 2016 that been chosen by using the purposive sampling method. To analyze the effect of independent variables on the dependent variable, data were analyzed by using logistic regression analysis on the significant level of 5%. The empirical results shows that tax expense and accrual basis have negatif and unsignificant impact to earnings management practices while tax planning have positif and unsignificant impact to earnings management practices.*

**Keywords:** tax expense, accrual basis, tax planning, profit management practices

## ABSTRAK

Penelitian ini bertujuan untuk menguji secara empiris pengaruh beberapa faktor terhadap praktik manajemen laba. Faktor-faktor yang diuji dalam penelitian ini adalah beban pajak, basis akrual, dan perencanaan pajak sebagai variabel independen sedangkan praktik manajemen laba sebagai variabel dependen. Penelitian ini menggunakan 13 perusahaan sektor pertanian yang terdaftar di Bursa Efek Indonesia (BEI) dari tahun 2012 - 2016 yang telah dipilih dengan menggunakan metode purposive sampling. Untuk menganalisis pengaruh variabel independen terhadap variabel dependen, data dianalisis dengan menggunakan analisis regresi logistik pada tingkat signifikansi 5%. Hasil empiris menunjukkan bahwa beban pajak dan basis akrual berpengaruh negatif dan tidak signifikan terhadap praktik manajemen laba sedangkan perencanaan pajak berpengaruh positif dan tidak signifikan terhadap praktik manajemen laba.

Kata Kunci: beban pajak, basis akrual, perencanaan pajak, praktik manajemen laba
