ABSTRAK

Dana desa dapat digunakan untuk membiayai kegiatan yang telah disepakati dan ditetapkan di dalam Musrenbang Desa, dimana taraf tercapainya tujuan dana desa tersebut dilihat dari efektivitasnya. Nagari Sikabau adalah salah satu penerima dana desa terbesar di Kecamatan Pulau Punjung Kabupaten Dharmasraya yang menerapkan transparansi penggunaan dana desa. Penelitian ini bertujuan untuk (1) menganalisis pelaksanaan perencanaan pemanfaatan dana desa di Nagari Sikabau dan (2) mengetahui efektivitas pemanfaatan dana desa untuk pembangunan di Nagari Sikabau. Penelitian menggunakan metode studi kasus. Data dikumpulkan dengan teknik wawancara terhadap responden dan wawancara mendalam terhadap informan kunci, dan dianalisis secara kualitatif. Hasil penelitian menunjukkan (1) perencanaan dan pemanfaatan dana desa dalam pengembangan Nagari Sikabau (dari tahun 2015 – 2017) telah dilaksanakan sesuai dengan perencanaan dan (2) efektivitas pemanfaatan dana desa dalam pembangunan Nagari Sikabau, dalam aspek pencapaian tujuan berada pada kategori efektif, aspek integrasi berada pada kategori efektif, dan aspek adaptasi berada pada kategori kurang efektif. Secara keseluruhan dilihat dengan menggabungkan ketiga aspek (pencapaian tujuan, integrasi dan adaptasi), efektivitas penggunaan dana desa dalam pembangunan Nagari Sikabau berada dalam kategori efektif.

EFFECTIVENESS OF THE USE OF VILLAGE FUNDS FOR VILLAGE DEVELOPMENT IN DHARMASRAYA DISTRICT (CASE OF SIKABAU VILLAGE, PULAU PUNJUNG SUB-DISTRICT, DHARMASRAYA DISTRICT)

ABSTRACT

Village funds can be used to finance activities that have been agreed upon and defined in the Village development plant consensus, where the achievement of village fund objectives is seen from its effectiveness. Sikabau Village is one of the largest recipients of village funds in Pulau Punjung, Dharmasraya District, which implements transparency principles in the use of village funds. This research aims to (1) analyze the implementation of village fund utilization planning in Sikabau Village and (2) determine the effectiveness of using village funds for development in Sikabau Village. The research used a case study method. Data was collected by interviewing respondents and in-depth interviews with key informants, and analyzed qualitatively. The results showed (1) the planning and utilization of village funds in the development of Sikabau Village (from 2015 - 2017) had been carried out in accordance with the document plan and (2) the effectiveness of the use of village funds in the development of Sikabau Village is effective from the aspect of achieving objectives, and the aspects of integration, while from and aspects of adaptation it is less effective. Overall, seen by combining the three indicators (achievement of goals, integrity, and adaptation), the effectiveness of the use of village funds for development in Sikabau Village is effective.
