ABSTRAK

Penelitian ini di latar belakang oleh rendahnya pengetahuan masyarakat dalam perizinan berusaha terutama UMKM. Terlebih setelah berlakunya PP No 5 tahun 2021 Tentang Penyelenggara Perizinan Berusaha Berbasis Resiko, yaitu lebih mudah dengan adanya sistem OSS RBA yang bisa di akses dimana dan kapan saja. Sistem *Online Single Submission Risk Based Approach* (OSS RBA) untuk mempermudah dan mengefisienkan pelaku usaha perusahaan terutama depot air minum untuk mudah dalam mendapatkan NIB dan sertifikat standar usaha. Dalam implikasi hukum penerapan pendaftaran perizinan perusahaan melalui *Online Single Submission Risk Based Approach* (OSS RBA) terhadap usaha mikro kecil dan menengah (UMKM) depot air minum di Kabupaten Sijunjung, masih belum terfalu masih di kalangan masyarakat dan masih banyak pelaku usaha yang belum mengetahui dan timbul kesadaran pentingnya adanya NIB dan sertifikat standar usaha ini. Penelitian ini membahas dua pokok bahasan masalah yakni pertama terkait implikasi sistem *Online Single Submission* (OSS) dalam perizinan usaha mikro kecil dan menengah (UMKM) di Kabupaten Sijunjung. Kedua, kendala yang dihadapi pada implikasi sistem *Online Single Submission* (OSS) dalam perizinan bagi pelaku usaha mikro kecil dan menengah (UMKM) di Kabupaten Sijunjung. Penelitian dilakukan dengan pendekatan yuridis empiris menggunakan data primer dan sekunder serta dianalisis melalui metode deskriptif kualitatif. Hasil penelitian memberikan kesimpulan bahwa implikasi hukum penerapan pendaftaran perizinan perusahaan melalui sistem OSS RBA terhadap UMKM depot air minum sudah terbilang efektif dan berdampak positif sejak berlakunya PP No. 5 Tahun 2021, masyarakat terutama pelaku usaha sudah mulai mendaftarkan izin usaha perusahaan nya melalui sistem OSS RBA sejak tahun 2021 sampai sekarang. Kendala yang dihadapi bisa lebih teratasi dengan masif nya DPMPTSP memberikan informasi secara menyeluruh kepada masyarakat.

Kata kunci: Implikasi peran hukum, Perizinan, DPMPTSP, OSS RBA, UMKM Depot Air Minum

LEGAL IMPLICATION OF THE IMPLEMENTATION OF COMPANY LICENSING REGISTRATION THROUGH ONLINE SINGLE SUBMISSION (OSS RBA) IN MICRO, SMALL AND MEDIUM ENTERPRISES (UMKM) DRINKING WATER DEPOT IN SIJUNJUNG REGENCY, WEST SUMATRA

Sifa Ma'sum, 1910111115, Faculty of Law, Andalas University, Business Law Concentration Program (CP-2), 78 pages, Year 2025, Supervisor: Dr. H. Reimbantah, S.H., M.Pd. and Dr. Yusy Adeline Mannas, S.H., M.H.

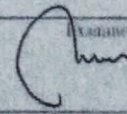

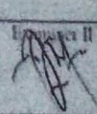

ABSTRACT

This research is motivated by the low level of public knowledge in licensing that is being sought, especially for UMKM. First, after the enactment of PP No. 5 of 2021 concerning Risk-Based Business Licensing Organizers, it is easier with the OSS RBA system that can be accessed anywhere and anytime. The Online Single Submission Risk Based Approach (OSS RBA) system is to make it easier and more efficient for business actors, especially drinking water depots, to easily obtain NIB and business standard certificates. In the legal implications of the implementation of company licensing registration through the Online Single Submission Risk Based Approach (OSS RBA) for micro, small and medium enterprises (UMKM) of drinking water depots in Sijunjung Regency, it is still not too well known among the community and there are still many business actors who do not know and are not aware of the importance of having a NIB and this business standard certificate. This study discusses two main issues, namely the first related to the implications of the Online Single Submission (OSS) system in licensing for micro, small and medium enterprises (UMKM) in Sijunjung Regency. Second, the obstacles faced in the implications of the Online Single Submission (OSS) system in licensing for micro, small and medium enterprises (UMKM) in Sijunjung Regency. The research was conducted with an empirical legal approach using primary and secondary data and analyzed using qualitative descriptive methods. The results of the study provide the conclusion that the legal implications of the application of company licensing registration through the OSS RBA system for drinking water depot MSMEs have been fairly effective and have had a positive impact since the enactment of PP No. 5 of 2021, the community, especially business actors, have started to register their company's business licenses through the OSS RBA system since 2021 until now. The obstacles faced can be better overcome by massively providing comprehensive information to the public by DPMPITSP.

Keywords: Implications of the role of law, Licensing, DPMPITSP, OSS RBA, UMKM Drinking Water Depot

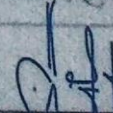

This Minor Thesis has been successfully defended and regarded to graduated by March 19th, 2025.
